MANUFACTURERS OF WOOD OFFICE FURNITURE • EVANSVILLE, INDIANA

MEMBER WOOD OFFICE FURNITURE INSTITUTE

specifications . . .

MATERIAL

Genuine Walnut or Comb Grained Oak exteriors. All veneers carefully selected for color and matched for grain. Bases of selected hardwood.

CONSTRUCTION

Tops of conference desks and tables 86" and 75" in length are 1½" thick, all other tops 1¼" in thickness; all are 5-ply in construction.

Panels 3-ply built-up construction.

Posts of Nos. 5486-69 and 5469 are 1¾" square; all others are 1½" with corners rounded. Posts at the knee well space on all desks will be "DensiwooD" that eliminates any possibility of marring or scuffing of these posts caused by chair seats and other objects coming in contact with them.

All drawers have Oak sides with 3-ply Oak bottoms framed in; full dovetailed construction. File drawers in left pedestal of all flat top desks equipped with ball-bearing drawer suspensions. All single drawers are fitted with movable partitions that can be adjusted to individual requirements. Stationery rack in top right hand drawer of all typewriter desks. File drawers in all conference and executive models are regularly furnished equipped with PENDAFLEX executive convenience file. File drawers in all other models equipped with metal follower block with pressure bar for adjustment.

All desks have dustproof bottoms.

Desk and table bases equipped with Faultless adjustable glides to permit height regulation from 29" to 30½". Tables constructed to permit K.D. shipment.

HARDWARE

Drawers fitted with die cast semi-flush pulls. Knee drawers equipped with heavy duty tumbler locks with milled keys. All desks fitted with metal automatic drawer device with positive action.

FINISH

Standard Walnut or Softone on Oak as certified by the WOOD OFFICE FURNITURE INSTITUTE. Interiors finished natural. Bases treated with acid-penetrating stain and finished with black lacquer.

advantages . . .

Check these WILTSHIRE MODERN features that work with the executive and his staff . . . easily . . . quietly . . . effortlessly all through the day:

- Height easily adjustable between 29" and 30½" for greater desk comfort. Equalizes any unevenness in floor.
- "Flush" drawer pulls protect shins and knees from bumps and bruises.
- Dustproof underconstruction keeps your files and stationery clean.
- Ball-Bearing suspensions on file drawer for finger-touch control.
- Pendaflex* executive convenience file, standard equipment on Conference and Executive desks.
- Four points of bearing insure stability and balance on island-base.
- DensiwooD posts at knee well space which eliminates any possibility of marring or scuffing caused by chairs or any other objects coming in contact with them.
- Drawers equipped with movable partitions that can be adjusted to individual requirements.

Specifications:

MATERIAL — Genuine Walnut Exteriors. All veneers carefully selected for color and matched for grain.

CONSTRUCTION — Tops 1¼" thick, 5-ply in construction; banded with solid lumber rims and moulded, with all corners rounded. Panels 3-ply Walnut with grain running vertically. Posts 1¾" square with blocked turning at bottom. Inside front legs recessed.

Drawer fronts of solid Walnut and moulded. All drawers have Oak sides with 3-ply Oak bottoms framed in; full dovetailed construction. Drawers equipped with movable partitions which can be adjusted to individual requirements. Stationery rack in top right hand drawer of all typewriter desks.

File drawer in upper left hand pedestal of all double pedestal flat top desks with dovetailed partition so placed in the drawer to permit the filing of legal size documents. Movable partition of Masonite in the file drawer permits filing of regular size documents. File drawer equipped with metal follower block with pressure bar for adjustment.

All desks have dustproof bottoms.

FINISH — Regular Walnut with tops hand-rubbed. Also available in Mahogany finish on Walnut on special orders. Drawer Pulls in Antique English finish.
